- Fields marked with * are required
- Form has to be sent to your email address. The sent data should not be displayed in the URL
- *Terms of service* is a link to a *terms.pdf* document located in the same directory as the HTML document
- All web contents are inside a *container* class div
- Header is h1, with text *Form exercise with* as *<small>*
- Use a div of *form-group* class for each group of label+control. (use “*label for*” construction for labels)
- Use spacing utilities to organize the controls (mr and mb)
- Controls should belong to class *form-control* for having a gray rounded border
- Submit button should belong to *btn* and *btn-primary* classes for it to be blue
- Reset button should belong to *btn* and *btn-default* classes

- Header is not shown anymore.
- The three dropboxes for introducing the date of birth are replaced by a *date type* input control. (Hint: Use the *display property* to hide the elements for the different sizes of the device)
